Career Objective

Aspiring software engineer with a passion for building reliable backend systems and solving complex problems. Proficient in terminal-based tools and system-level technologies, seeking to leverage Java and Go expertise in a dynamic environment focused on scalable infrastructure and backend development.

Education

Rakshpal Bahadur College of Engineering & Technology

B.Tech. in Computer Science & Engineering, AKTU

Bareilly, U.P.

2023 – Present

Internship Experience

MERN Stack Developer Intern

Month Year – Month Year

Sparktales Learning Solutions

- Developed responsive web applications using React.js, HTML, CSS, JavaScript, and Tailwind CSS, ensuring cross-browser compatibility and optimal user experience
- Built and optimized scalable features for e-commerce platforms, focusing on performance improvements and code efficiency
- Integrated RESTful APIs for real-time data updates and collaborated with development teams using Git and GitHub for version control and code reviews

Projects

MacQuiz – Web-based Quiz Application | *FastAPI, SQL, React, Tailwind CSS*

- Developed a role-based quiz platform with automated grading and real-time analytics for instructors and students
- Designed and implemented RESTful APIs using FastAPI with efficient relational database modeling in SQL
- Built responsive and intuitive UI components using React and Tailwind CSS for seamless user interaction

Real-Time Whiteboard | *React, TypeScript, Vite, Express.js, Socket.IO, Node.js*

- Built a real-time collaborative whiteboard featuring live cursors, user presence tracking, and global undo/redo functionality using React, TypeScript, and Socket.IO
- Implemented multi-tool drawing capabilities (pen, shapes, text, arrows) with image upload supporting resize/rotate operations and PNG export for sharing
- Designed shared TypeScript types for socket payloads and maintained server-side uploads with optimized client-side image downscaling for performance

Technical Skills

Languages: Java, JavaScript, SQL

Backend & Tools: Express.js, FastAPI, Git, AWS EC2, AWS RDS, Postman, Docker

Databases: MongoDB, MySQL

Frameworks & Libraries: React, Node.js, Socket.IO, Tailwind CSS

Certifications

- Object-Oriented Programming Certification
- MySQL Data Analysis – LinkedIn Learning
